Full Stack Web Development (Full Time)
Masai School, Bangalore
July/2022-April/2023

Intermediate
Kendriya Vidhyalaya Kashipur, Uttarakhand
May/2016-May/2017

PROFESSIONAL SUMMARY

A self-motivated, hard-working, and ambitious Full-Stack Web Developer with proficiency in HTML, CSS, JavaScript, ReactJS, NodeJS, ExpressJS, MongoDB, SASS, TypeScript, and more. Problem-solving mindset and the ability to perform well in collaboration. With over 1200 hours of coding experience, have solved over 700 DSA problems and developed many fully functional websites. Looking forward to working as an accountable and competent employee in an exciting tech company.

PROJECTS

Fashion Gallery 🐙

An e-commerce website that provides users with fashion-related products

This is a collaborative project built in 4 days

Features:

- Chatbot for customer support and query resolution
- Forgot password and authentication functionality for user accounts
- Responsive design for optimal viewing experience across devices
- Pagination to easily navigate through product listings

Tech Stack: HTML | CSS | JavaScript | React | NodeJS | ExpressJS

Areas of Responsibility :

- Login & Signup functionality
- Forgot password functionality
- Responsive design for optimal viewing experience across devices

SMovie 🐙

A user-friendly website to explore favorite movies and TV shows

This is a solo project built in 5 days

Features:

- Browse and search for movies based on genres
- Lazy loading of images to improve performance
- Responsive and beautiful UI/UX designs for different devices
- Infinite scrolling for seamless loading of movie results
- Skeleton loading functionality to every page
- Utilizes Redux for efficient state management
- Play movie trailers using the integrated React player component
- Search, multiple filter, and sort movies or TV shows

Tech Stack: TypeScript | React | SASS | Fetch API
